Dear Anaheim Elementary School District Families,

As we get closer to the end of the school year on June 4th, we would like to share the following information with you:

- **Grading Policy:** as a reminder, in April, per the guidance of the State Superintendent of Public Instruction and the Orange County Department Education, the grading policy for the 3rd trimester of this school year was changed. The grading policy can be accessed through [this link](#) and supports the unique nature of the trimester.
- **End of the Year Pick-Ups and Drop-Offs:** by this time your school principal will have provided you with information for picking up student belongings and dropping off school materials. Most of this activity is taking place this week. We thank you for your cooperation and ask that you please follow all health and social distancing protocols to ensure everyone's safety.
- **6th-Grade Promotion:** All 6th-grade students had the opportunity to pick up lawn signs from their schools to proudly display in their homes. Next week 6th-grade classes will be participating in virtual promotion celebrations.

If you have any questions about the information shared, please reach out to your school principal.

I would also like to mention that we continue to work on school reopening plans for the next school year. We will continue to communicate updates with you as they become available.

Kind Regards,
Dr. Christopher Downing
Superintendent
