Dear Anaheim Elementary School District Families,

As the end of the school year quickly arrives we realize that students may have some personal belongings in their classrooms that they will want to pick up, and school materials that they will want to drop off such as library books or textbooks. School principals are working on plans for each individual school that will allow for the safe pick-up or drop-off of materials. These days will be spread out to ensure proper social distancing. More details will be shared with you by your school principal in the coming days.

We would also like to share with you that we continue to work with state and county education officials regarding the next school year. The plan is to still keep the August 13, 2020 start date, but we are still working on what the school day would look like to ensure the health and safety of students and staff. We will keep you updated as more information becomes available.

Kind Regards,
Dr. Christopher Downing
Superintendent
