Dear AESD Families,

The following update is provided to keep you informed regarding the Anaheim Elementary School District:

Update on Weekly COVID-19 Data for Anaheim

Our District continues to prioritize the health and safety of stakeholders as our top priority. Although California no longer reports data within the tiered colored system, the City of Anaheim updates their data weekly. For the seven days through May 17, Anaheim saw 404 new cases, up from 393 a week earlier.

If your child is experiencing COVID-19 symptoms, please keep him/her home and contact your child's health care provider. Please contact your school to report the absence; a COVID-19 related absence is excused. If someone in your household tested positive for COVID-19 and is currently under quarantine or self-isolation, your child should follow the [guidelines](#) from the Orange County Health Care Agency (OCHCA) on how long to remain at home and when to return to school.

Mental Health Matters in AESD - Week of May 23, 2022
